

On February 7th The Frisky Goat Coffeehouse held the Pike County Chamber of Commerce monthly after hour networking event. Our monthly networking events are growing and we had a great crowd that attended the event at the Frisky Goat. It has been great to see so many new faces attending our events, we hope that all the businesses throughout the Tri-State Area are able to attend these events and meet new business professionals. The Frisky Goat Coffeehouse opened there doors to allow us to taste some of their coffee, view their newly renovated store, and get an idea of what it is that they are selling at the Frisky Goat. Please stop by there business and get some delicious coffee!
