

# BEING MORTAL

## Free Film Screening & Discussion

"Hope is not a plan."

Dr. Atul Gawande

Karen Ann Quinlan Hospice will hold a free screening and discussion of the PBS FRONTLINE documentary Being Mortal. Based on the best-selling book by Dr. Atul Gawande, this film explores the hopes of patients and families facing terminal illness and their relationships with the doctors, nurses and family members who care for them. The film follows a surgeon, Dr. Atul Gawande, as he shares stories from the people and families he encounters. After the screening, you can participate in a guided conversation on how to take concrete steps to identify and communicate wishes about end-of-life goals and preferences.

See the film and be a part of a national conversation taking place in our community that asks: "Have you and your family had these important conversations and planned ahead?"
