

On Wednesday August 30th the Pike County Chamber of Commerce along with Safe Haven of Pike County held their monthly networking event. Safe

Haven of Pike County opened the doors to their business to about 20-25 business and or community folks in Pike County. It was great to see how Safe Haven of Pike County has revamped there facility and to hear about the new services that they are offering here in Pike County. Executive Director Tamara Chant gave tours of the

building and also allowed people to tour the Children Advocacy Center. We thank Safe Haven of Pike County for hosting our networking event and we thank everyone in the community for their continued support!
