For Good. Forever. That is the simple purpose of the Greater Pike Community Foundation. The Greater Pike Community Foundation (Greater Pike) was created to enable generous individuals, families and local businesses to maximize their charitable support through organized, targeted community philanthropy. Greater Pike provides a permanent and personal way for all of us to give back to the region we love and have worked so hard to nurture and maintain. Donors can establish a named endowment fund or make a gift of any size to any of the existing funds targeted to specific needs and opportunities.
