

# NETWORKING EVENT AT WEICHERT REALTORS

Each month the Pike County Chamber of Commerce holds an after hour networking event where our members and non-members come together to mingle with each other. Our May mixer was held at Weichert Realtors on a beautiful spring night. Owner Donna Ruffino and staff were gracious host and she shared her encouraging insights on what is happening in the local real estate market with the attendees. A networking event is a great opportunity to showcase your business and to meet and connect with the business community. We would like to thank Donna Ruffino and Weichert Realtors for hosting this event as well as everyone who donated door prizes to this event.
