

Run/Walk Bring Your Whole Family For The Cause

What is It? People from all around the world coming together to walk and run on the same day, for the same cause: Clean water for people in the developing world.

❖ Did you know...844 million people lack access to safe drinking water. Every day, nearly 1,000 children die from contaminated water, poor sanitation, and unsafe hygiene practices—more than from AIDS and malaria combined.

❖ 6 K (3.73 miles) is the average distance people in developing countries walk every day for water that is often unsafe to drink. We walk or run so they don't have too.

Adults \$50 Children \$25. Every \$50 registration fee will provide clean water for one person in need. **%100** goes to the cause.
